

The **process** of Investigating Scientifically

1. What is our **question**...?
2. What is our **prediction**...?
3. What will we **do** to answer our question?
4. What will we **change, measure**, keep the **same**...? (**Cows Moo Softly**)
5. The **equipment**...what will we need?
6. The **data**... how will we record it?
- - - **CONDUCT THE INVESTIGATION** - - -
7. What happened - what does the data tell us?
8. How will we **report** our findings?
- - - **REPORT FINDINGS** - - -
9. Where to next? Action and further investigations...
